

ANDREW FOSTER

San Francisco, CA 94121
atfcreative@gmail.com
(415) 920-3260

BIOGRAPHY

I'm a web developer, graphic designer and self starter. After 12 years of working in leadership positions and as a graphic designer, I have enhanced my developer skillset by completing a full stack program. I work best with cross functional teams; with the correct team, the sum adds up to more than the individual parts. My attitude toward teamwork spills over to other commitments such as social impact and environmental issues.
